### KIDS CLUB... Coming in March

Hooray for busy Mums n Dads from March 1<sup>st</sup> we will operate our babies to school aged kids club. We welcome experienced childcare minder Jane who is looking forward to taking care of your little ones while you enjoy a good workout.

### AIRCONDITIONING

We understand the problem with warm temperatures in the new cardio theatre and we don't blame you for becoming 'hot and bothered'. The good news is that relief is on its way. We have been promised by our air-conditioning company that new units and directional vents will be installed asap. We have worked tirelessly to make this happen and we thank you for your patience.
